CANCELLATION COSTS

Valid from 1 June 2010

(This schedule supersedes all previous price schedules)

IVF Own Treatment Cycle :

If your IVF Treatment Cycle is cancelled by The London Women's Clinic, then you are entitled to a full refund excluding scans, medication and blood test costs.

If there is a failure of fertilisation following your IVF / ICSI treatment cycle, then you are not entitled to any refund.

If you decide to cancel your IVF Treatment Cycle, then you are not entitled to any refund.

IVF Ovum Donor Treatment Cycle :

If you are no longer able to participate in our egg sharing scheme as an ovum donor during your IVF treatment cycle, then you have a choice to either cancel or to continue with your treatment cycle. If you decide to continue then the full cost of your IVF treatment cycle will apply.

If after egg collection there are not enough eggs to share with your recipient, then you are able to continue your IVF treatment cycle at no extra cost.

If there is a failure of fertilisation following your IVF / ICSI treatment cycle, then you are not entitled to any refund.

If you decide to cancel your IVF Treatment Cycle, then you are not entitled to any refund.

IVF Ovum Recipient Treatment Cycle :

If your donor decides to cancel her treatment, then you are entitled to a full refund excluding scans, medication and blood test costs.

If your donor does not produce enough eggs to share, then you are entitled to a full refund less a £750.00 cancellation of treatment fee. Scans, medication and blood test costs are non-refundable.

If there is a failure of fertilisation following your IVF / ICSI treatment cycle, then you are not entitled to any refund.

If you decide to cancel your IVF Treatment Cycle, then you are not entitled to any refund.

Frozen Embryo Treatment Cycle :

If your embryos fail to thaw, then you are entitled to a refund of the Frozen Embryo Transfer cost less £300.00.

If you decide to cancel your Frozen Embryo Treatment Cycle, then you are not entitled to any refund.

IUI (Intrauterine Insemination) Treatment Cycle :

If your IUI Treatment Cycle is cancelled by The London Women's Clinic, then you are entitled to a full refund excluding scans, medication, blood tests, and hycosy costs.

If you decide to cancel your IVF Treatment Cycle, then you are not entitled to any refund.

Darlington

THREE CYCLE IVF PACKAGE

Many couples who are advised to consider IVF treatment confine themselves to only one cycle of IVF treatment. The main reasons are financial, as well as the physical and emotional burden and the commitment of time involved.

We, at the London Women's Clinic, feel that IVF needs to be simplified to make it less stressful and financially more affordable.

To facilitate the idea of IVF as a multiple cycle treatment we consider that our Three Cycle IVF Package can be of benefit for many couples.

If you are considering our Three Cycle IVF Package, then the following qualifying criteria applies:

1. The female patient must not be more than 38 years of age.
2. The female patient must have a normal FSH hormone level.
3. The three IVF treatment cycles must be used within a 12 month period.
4. The three cycle IVF package will no longer be valid should a pregnancy occur and continue beyond 24 weeks.
5. Should a pregnancy fail within the first 24 weeks of pregnancy, and providing the 12 month period has not expired, then you are entitled to continue to use the remainder of the package.
6. One IVF treatment cycle is considered to be used once ovarian stimulation commences.
7. No refund or credit will be given if the treatment cycle is abandoned prior to egg collection or embryo transfer.
8. A successful IVF treatment cycle does not lead to any refund of any part refund.

Costs Involved

Our Three Cycle IVF Package is charged at a cost of £5,500.00 as opposed to a single IVF treatment cycle cost of £2,750.00.

Please be advised that our Three Cycle IVF Package does not include the following:

1. Initial Consultation, Semen Analysis, or Blood Screening
2. Medication
3. HFEA Fee
4. Any other treatments or procedures

If you would like to be considered for our Three Cycle Package, then please discuss this with the Consultant at your initial consultation appointment.
